REDEDICATION SUNDAY, JANUARY 19, 1964

Dear Friends:

1702 ! An historic date. 1964! Another historic Date. In one year the church was founded. In the other year, 1964, our annual meeting will undoubtedly confirm the uniting of the Church and parish. By the action of the General Court of Massachusetts, we will affirm legally what has long been a fact: That the church and parish have always been one in spirit.

For 262 years the Spirit of God has kept this church together. The Spirit working through our brethren of yesteryear has left us this heritage. The work of the brethren now gone is the responsibility of this day.

Let us then, in this day, rededicate ourselves to the task at hand. Come and renew your Covenant with God on Sunday, January 19, 1964. With your attendance we can fill this church. Come as a family.

Yours in Christ,

Arthur F. White,
Minister and
The Board of Deacons

P.S. Won't you also plan to attend the annual meeting. Dinner will be served 6:30 P.M. Friday, January 17, 1964 to be followed by the meeting. This is an historic and important meeting. Please call Mrs. Chester Kuczun (7-5784) or Mrs. David Pitt (7-2668) for reservations for the dinner. Bring a casserole.

RECORD OF MEETINGS Jan 17, 1964

The Annual Meeting of the First Congregational Church of Bedford was called for Jan 17, 1964 in the Church Vestry. There were 61 persons present including some children.

The gathering was served a delicious supper sponsored by the Jarvis R. Bradford Guild at 6:45, after which Pastor White led us in a service of worship and prayer

Moderator Niels Graham called to order the meeting of the First Parish and that body was unanimously accepted. Article 2 of the warrant was then read as follows: To see if the Parish will vote to change the name of the Parish from the First Parish of Bedford to the First Congregational Church of Bedford, and to see if the Parish will vote to amend Chapter XII of the By-Laws of the Parish by striking out the present Article I and substituting therefor the following: Article I. The name of this Parish shall be the First Congregational Church of Bedford. Motion made, seconded and carried changing its name to the First Congregational, of Bedford. Motion made to accept and the vote was unanimous

RECORD OF MEETINGS

Moderator Freeman suggested we have a short recess period before turning to Article 7. Sot of a "sense of the article stated".

Article 7: Mr David Pitt, as chairman of the Committee charged with investigating and reporting on the estimated growth of this Church and the need for expanded facilities, spoke briefly at charts and explained them. He stated the present building was built in 1838 and

1. The Church affirms its recognition of a present and growing need for space and facilities beyond those now available.

2. In response to that need several steps of action be authorized--- namely that:

A. The Church Council be instructed to form a Building Committee as soon as possible; obtaining the consent of a member of the Church to serve as its Chairman and, together with the Chairman, to select the balance of the Committee.

B. As the initial phase of its activity, the Building Committee be instructed and authorized to act for the Church in the development (in the form of general sketches and design) of recommended plans to meet the needs of the Church for space and facilities, considering the indicated needs of the period covered by the prepared projection.

C. The Committee's recommendation, when completed, be presented to the Church at a meeting or meetings called for that purpose--- the membership thus having the final say in approving the recommended plans before any further action is taken.

D. The Building Committee be authorized to retain the services of a professional architect to work with them for this purpose. As evidence of its commitment to the work and purpose of the Building Committee, the Church give its approval for a special fund drive to meet reasonable expenses of the Committee in this first phase of its work if the required funds cannot otherwise be made available.

Moderator Freeman asked for Comments.

Mr Earle Hazelwood showed some extra charts and explained

[illegible] to the existing space and Sunday School accommodations. He stressed the need for more and better class space now and for long range expansion in the future.

Mr. Cecil Watkins spoke of the problem of space in the Sanctuary. Attendance records (at maximum safety) and observance that Head Usherettes who are active in the Chapel Choirs of each of services in the Sanctuary do not feel [illegible] in the Sanctuary.

Motion by Coleman that Board go on record as to take up the Pitts Committee suggestions.

Motion [illegible] and accepted.

Motion [illegible] and after some discussion and explanation amended and accepted.

Thanks was expressed to the Board delegated for his work on the Finance Committee; Mr. Leach Evans for work on the Incorporation; Mr. Cecil Brandt for planning the Building Account.

Mr. Leach Hazelwood for his work with the Sunday School; to Mr. R. Lewis Bowman for his work as Moderator and Board Counsel; Secretary

All officers and Board members are to meet within 30 days

Chairmen of Committees are requested to call a meeting to notify Mr. Watkins and Mr. Freeman

ARTICLE V: Clerk's report accepted as written.

ARTICLE VI: Music report accepted as written.

ARTICLE VII: Mr. DeWitt Minich thanked Mrs. Butler for her generous and valuable assistance during the past year. Mr. Minich explained that we need to raise $1300 more in order to pay off a short term loan of $3000 for parsonage repairs.

He hopes that this will be liquidated in the first two months of this year. The Parish report, including a budget of $20,571.00 was accepted as written.

ARTICLE VIII: Report of Parish Treasurer accepted as written.

ARTICLE IX: Report of Parish Treasurer accepted as written. Mr. Paul Edwards read a letter received from the First National Bank of Malden re: The will of Miss Maud Norris and enclosing a check for $2000. This amount is to be added to the $2500 in the Mr. & Mrs. Israel Herrick fund. The income of said amount is to be applied to the Ministerial Fund.

ARTICLE XI: Mr. Minich, chairman of the Enlistment Drive for 1963 thanked the members of his committee for their hard work and cooperation in securing total pledges as of this date of $17,771.

After considerable discussion the following resolution was unanimously accepted:

"Resolved that a committee of the Church organization be appointed to meet with a like committee from the Ecclesiastical Society (Parish) for the purpose of preparing the: (a) Charter; (b) by-laws; (c) necessary legal documents for the uniting of these two organizations and the incorporation of the Church. The completed documents are to be presented to the Church and Ecclesiastical Society (Parish) for a vote not later than April 28, 1963.

The Parish (Ecclesiastical Society) committee consisting of five (5) members is to be appointed by the Chairman of the Parish Committee to meet with a like committee from the Church for the purpose of preparing the: (a) Charter; (b) by-laws; (c) necessary legal documents for the uniting of these two organizations."

The Church Nominating Committee was nominated to serve as the Parish Nominating Committee also. Mr. David Pitt has agreed to serve as Chairman of the new Planning Committee which is going to investigate church school space and church expansion to see what should be done in the next few years. In this way the money spent in the next two or three years will not be wasted and projects torn down when we have greater expansion. The Moderator of the Parish was authorized to appoint a committee for planning in the future. Hope to have the crack in the front of the church fixed by mid May if we can finance it.

Meeting adjourned at 9:40 P.M.

Respectfully submitted,

Carolyn B. Minich, clerk

SPECIAL PARISH MEETING
Sunday, April 21, 1963

At a special Parish meeting held directly after Sunday services, the following action was taken:

At the annual meeting a committee was appointed to prepare a charter, by-laws and the necessary legal documents for the uniting of the church and parish and the incorporation of the church. The committee consisted of DeWitt Minich - chairman, Harold Sederquest, Charles Cotton, Winthrop Haynes, Benjamin Freeman for the Parish; Ralph VonKamecke - chairman, Mrs. Milton Lord, Robert Parkhurst - advisor, Dudley Watkins, Miss Winnifrid Parkhurst for the Church; attorney John Evans and Arthur White ex officio. A subcommittee of Messrs. Von Kamecke, Freeman and Evans held many meetings and presented the new set of by-laws to the church council, who unanimously accepted them. They were then presented to the church body for discussion. Mr. Evans, the legal cousel, explained that the Parish owns the property and controls the money which runs the church. The ministerial fund, which is incorporated, is separate and the interest from the money in this fund may be used toward the minister's salary only. There are three trustees of this fund who are appointed by the Parish. Actually, in practice, we have always been one organization, so we should be governed as one not three. It is necessary to go before the general court in order to combine the three into one organization. The best and simplest way is to carry on the Parish as one corporation and combine the Ministerial Fund and Church with it.

ARTICLE I: The following resolution, which takes the place of Article I on the warrant, was passed unanimously after being presented by Mr. Freeman: "That the First Church in Boxford request the General Court of the Commonwealth of Massachusetts to enact legislation amending the Special Act of 1825 so that the First Church, Congregational, in Boxford, the First Parish in Boxford and the Ministerial Fund of the First Parish in Boxford may be united legally as one corporation."

ARTICLE II: A motion was made by Mr. Minich - "To authorize attorney John Evans acting with the advice and consent of the Incorporation Committee to take such other or alternative action as they think best, and to represent the Parish and Church at any Legislative hearing or in any discussion with the General Court." This motion was passed unanimously.

The following resolution made by Benjamin Freeman was also passed by a unanimous vote. "That the Church and Parish approve and adopt the By-laws as written and distributed with Erratas No. one and No. two plus correction to section 8.4.1 that there be six (6) members and plus such editorial changes as appropriate for the Church and Parish incorporation. The clerk cast one ballot to elect the following officers and committee members to serve until December 31, 1963.

ANNUAL REPORT OF THE PARISH COMMITTEE

This past year has been both eventful and significant in the history of the Parish. In order to eliminate duplication of effort and to bring about a simplified form of church organization, it seemed advisable to discuss a potential merger and reorganization of the Church and Parish. A committee consisting of: DeWitt Minich, Benjamin Freeman, Harold Sederquist, Dr. Winthrop Haynes, and Charles Cotton met with a like number of representatives of the Church. These representatives of the Church and Parish were to become known as the Incorporation Committee charged with the responsibility to discuss the feasibility, advantages and methods of merging the Church and the Parish. A set of new organizational by-laws and papers of incorporation were drawn up by this committee.

At a joint meeting of the Parish and Church on April 21, 1963, the Incorporation Committee recommendations were presented. The minutes of that meeting with the articles adopted are in the report of the Parish Clerk. Since the date of the meeting, the Parish has ceased to function as a separate entity and its responsibilities have been carried out by the new slate of officers that was elected that date.

It is sad to see the Parish cease to function after so many years. However, it has outlived its purpose. With our new organizational structure, the church will function orderly and will continue to grow over the period of years.

ANNUAL REPORT

FIRST PARISH FINANCE COMMITTEE
(January 18, 1963 to April 21, 1963)

With the vote of Incorporation by the First Church, Congregational, and the First Parish, Boxford on April 21, 1963 the Parish Finance Committee ceased to exist as a functioning body, being in name only until the legal requirements and obligations were consummated.

However, during the period of its active operation, the Finance Committee held four (4) meetings for discussion and transaction of Church/Parish business.

In addition to its authorization and approval of normal Church/Parish operating expenses, the Finance Committee sanctioned the following:

Payment of the $3,000.00 short term loan, taken at the time of the parsonage renovation to meet the current obligations.

The acceptance of a personal loan from Paul G. Edwards, Boxford, in the amount of $1,500.00 to cover the costs incurred for the emergency repairs to the church pulpit foundation and side structure.

In conjunction with the pulpit repairs, the Finance Committee wishes to express their appreciation to the Ladies Benevolent Society, the Carrie L. Bradford Guild and other persons that underwrote the costs of painting the sanctuary.

As of April 21, 1963 the First Parish Finance Committee turned over all of its responsibilities to the Board of Trustees, First Church, Congregational, Boxford, Massachusetts.

Respectfully,

RECORD OF MEETINGS

UNITED CHURCH OF CHRIST

297 Park Avenue South, New York

December 26, 1963

To the Churches of the United Church of Christ

Christian Greetings:

For the Denver General Synod last July race relations was the overriding issue as it is the overriding issue facing the country.

The General Synod was concerned with all phases of race relations but, above all, the delegates were convinced that the people of the United Church of Christ would want to make their principal witness by bringing church practices in line with Christian teaching. Therefore the Synod took the following action:

"The General Synod believes that the United Church of Christ must free itself of segregation.

> "To this end, and understanding that the decision must be made for itself by each local congregation, the General Synod urges the churches to declare officially and pubicly that their fellowship is open to all who qualify for membership without any restrictions as to race, class or ethnic background. The General Synod also urges the churches to declare officially and publicly a policy of calling pastors and employing church staff members without any restrictions as to race, class or ethnic background. When this action is taken, the General Synod asks that a report be made to the Secretary of the Church.""

The delegates to the General Synod were convinced that the Church belongs to Christ, and not to man. Then who of us dares say that any one of Christ's brethren is unacceptable within Christ's Church? Who of us dares set himself up as a "committee of one" to keep from Christ's Church any believer just because his skin is black or brown or yellow or red or white? In essence this is the issue! "Christ died for all of us," so Christ's Church must be open to all his people. At the meeting of the General Assembly of the National Council of Churches in Philadelphia early in December this same "Call" was emphasized.

Subsequent to this "call" we have been receiving almost daily reports from churches indicating that, either previous to the General Synod or since the General Synod, they have taken the action or have been practicing "open membership without regard to race, class or ethnic background." We are encouraged that so many churches, without even a letter calling this particular matter to their attention, have responded. It gives us courage to believe that most

of our churches will see the rightness of such an action and welcome into their fellowships all men who will come. We cannot help but envision the impact upon many of our communities if most of our churches (at least all of our United Church of Christ congregations)would join in this action.

Of course, the decision rests with your church. Under the Constitution this is plain. You set your own membership qualifications. The very action of General Synod took this into account:

> "To this end, and understanding that the decision must be made for itself by each local congregation ...."

However, I want to suggest that beyond your right to make your own decision is the call of Christ and the principles of brotherhood of which He so plainly spoke. We can hardly keep silent, giving our assent to wrong attitudes, when the Lord "calls us to commitment" to churches open to all his people.

The General Synod asks that when you have acted upon this matter that you return the enclosed blank to us indicating, either by practice or by official vote, that you have declared yourselves as an "open membership church" in which the fellowship of God's people is without any restriction as to race, class or ethnic background. Even if you have been practicing this policy for years we would like to hear from you so that your church can be included in the list of "open churches". Let us pray that we can report to the next General Synod that 70%, 80% or even 90% of our congregations are churches open to all of Christ's people.

In the power of the Holy Spirit let us commit ourselves. The decision of your church is very important. We shall pray for you.

May the grace of the Lord Jesus Christ, the love of God, the communion and fellowship of the Holy Spirit be with you all. Amen.

Sincerely yours,

(signed)

SPECIAL CHURCH MEETING

Thursday, November 19, 1964 at 7:45 P.M.

On Thursday, November 19th at 7:45 P.M. there will be a special church meeting in the Sanctuary.

Three articles are included in the warrant for this meeting involving plans for expansion of the church:

1. Whether the Church will vote to approve the recommended plans of the Building Committee for expansion of the Church facilities and property.

2. Whether the Church will vote to approve a dollar goal for the Building Fund Drive, previously authorized to be conducted during the week of May 10, 1965.

3. To consider such other business as may come before the meeting at that time.

The action that the membership takes on these matters is of vital significance to the future of the Church.

Everyone who is able, should attend this meeting and take part in this historic step in the life of First Church.

THE ACTION OF THE CHURCH TAKEN AT THE SPECIAL CHURCH MEETING HELD ON NOVEMBER 19, 1964.

Voted:

1. That the Church resolve that enlargement of its present structure be undertaken only if additional property is first obtained that, in the judgment of the Building Committee and the Board of Trustees, will provide adequate space for the full and effective growth of the Church in the foreseeable future.

2. That the Building Committee and the Board of Trustees, acting jointly, be authorized to obtain additional land at the present site, subject to the approval of the church at a meeting called for that purpose.

3. That the Church approve in principle the plans presented by the Building Committee for use at the present site.

4. That the dollar goal for the Building Fund Drive be set at ¢80,000. And that the Building Committee and Board of Trustees be authorized to appoint a member of the church to act as Project Executive Committee Chairman for that drive.

BASIC CONCLUSIONS OF OUR STUDY

The Building Committee reached several conclusions that are basic to the plans developed.

1. Preferably, additional facilities should be provided by enlarging the present church structure.

2. This is a sound course for the Church to follow only if additional land is first obtained that will provide adequate space for the full and effective growth of the church in the foreseeable future. The Building Committee has faith that adequate additional adjacent land can be obtained. The Church now has only three-quarters of an acre of land. Experts strongly recommend two acres as a minimum.

3. The appearance of the present church should be changed as little as possible. An addition should be in harmony with its colonial style and charm.

4. The design for expansion should make possible the most economical construction that will serve and function effectively.

5. The church should plan ultimately to expand to two service operation. Projections indicate that this should take place by about 1969.

THE PLANS

The Building Committee developed a basic concept of expansion and determined the amount of space required, based upon very careful and thorough study.. We then entered into a contract with the firm of Royal Barry Wills Associates Inc., with Mr. Merton Barrows as our working architect, to prepare general plans to accomplish the intended objective. Those plans appear on the cover of this material.

ESTIMATED COST

Phase I

The construction of the administration and church school wings, including adequate furnishings and equipment; remodeling the chapel and narthex; an allowance for contingencies; and related fees - $134,000.

Phase II

Remodeling of the vestry - $12,000.

FINANCING

Fund Drive Pledges

We have signed a contract with the Church Finance Advisory Service of the United Church of Christ to help us in the planning and conduct of our fund drive during the week of May 10, 1965. An advance payment of $100 has been made toward the total fee of $1200 for their services. Some additional expense will be involved for printing and mailing and the expenses of the Director of the Advisory Service during his stay with us.

We are planning a three year pledge period. We have been advised that we should reasonably expect to be able to raise in pledges during each of those three years an amount equal to the current giving for the operating expenses and benevolences of the Church. With an expected budget of about $26,000 or $27,000 for next year, we should have a goal of $80,000 spread over the three years of the pledge period. This goal will be met, if for these three "special" years only:

195 families give the equivalent of the cost of a carton of cigarettes each week,
or, if each of us gives the same amount to the Building Fund that we give to the Church.

BORROWING

Churches regularly finance part of their building program by borrowing money, usually from a bank or from a denominational fund, if needed.

The exact amount that we will want to borrow will depend upon the success of our fund drive, what we can safely borrow and how much we need to do the work planned.

What do the experts say a church can safely borrow?

> "should not exceed $200 per member -- or a more proper measure, $500 per family" (1)
>
> "three and a half times the annual budget or $200 per family"(2)

We have over 300 members and about 190 to 200 "giving units" or families. So, these "rules of thumb" would suggest for us a safe range of borrowing between $40,000 to $90,000.

It should interest you to know that two years ago First Church had almost $7,300 of debt. By May of next year we hope to have paid off that debt entirely. The same rate continued for twenty years would pay off almost $60,000!

During that period, while we were paying off debt at the rate of about $3,000 per year, we were also paying for substantial repair work ($2,000 to $3,000 per year) out of the income of the church.

CONCLUSION

First Church has the ability to undertake and to finance the first-phase project of $134,000 and this is where we should set our sights.

(1) 1962 Annual National Joint Conference on Church Building and Architecture

(2) When You Build Your Church - J. R. Scotford, 1960

REPORT OF THE BUILDING COMMITTEE

Early this year the Building Committee started its assigned task of developing recommended plans to meet the needs of the Church for additional space and facilities.

To assist in its initial study, the Building Committee arranged in May for the visit of Dr. John R. Scotford, a highly respected church building consultant. The Committee feels that his visit was very useful to its work, and to the Church in general.

The Committee's study and meetings were continued through the summer. A study group, under the guidance of Mr. Earle Hazelwood, made a thorough analysis of our needs for church school facilities.

In September, as authorized by the Church at the last Annual Meeting, the Building Committee retained the firm of Royal Barry Wills Associates, Inc., with Mr. Merton S. Barrows as our working architect. We feel that the Church is very fortunate to have a man of his great ability, familiar with Boxford and its people, working with us in this capacity.

Also in September, the Committee recommended to the Church that the Church Finance Advisory Service of the United Church Board for Homeland Ministries be retained to assist us in our capital fund drive. The Committee recommended that the drive be held during the week of May 10, 1965. At a Church Meeting on September 27, 1964 the membership approved these recommendations and voted to follow the provisions of the contract with the Advisory Service.

At two Church Meetings -- on November 19 and December 6 -- the members approved in principle general plans for expansion of the present church and its facilities. A dollar goal of $75,000 was approved for the fund drive.

Mr. Frederick G. Lehmann will serve as Chairman of the fund drive's Project Executive Committee, coordinating for the Church with the Advisory Service in preparation for the fund drive. The opportunity will come to many to serve in this vital endeavor.

The Building Committee expresses its warm appreciation for the time, talent and encouragement of so many. We are confident that God is well pleased with the progress the Church has made to date. We also have faith that this fellowship will enthusiastically and successfully fulfill this service in our commitment to Him and His purpose.

THE FIRST CHURCH, CONGREGATIONAL
BOXFORD, MASSACHUSETTS

November 27, 1964

To the Members and Friends of First Church, Congregational:

As you know, on Sunday evening, December 6, 1964, there will be a special church meeting at 6:00 P.M. in the sanctuary following a covered-dish supper in the vestry that will start at 5:00. The main article included in the warrant for this meeting reads:

> "Whether a conclusive majority of the members of First Church will vote to affirm the action taken at the church meeting held on November 19, 1964."

At the November 19th meeting, the Church voted to approve plans for expansion of the church. The next page shows the action taken by the Church at that meeting.

For a variety of reasons, attendance at that meeting was rather limited, only about 45 members acting on the matters that were considered. In the certain belief that the commitment of the Church to this endeavor must be broadly based, the meeting of December 6th has been scheduled.

The enclosed information is intended to familiarize you generally with the plans in advance of that meeting. If you have any questions, please contact any member of the Building Committee or Mr. White (7-5969).

We sincerely urge all who are interested in the life and work of First Church to attend this meeting - both members and friends.

THE FIRST CHURCH, CONGREGATIONAL
BOXFORD, MASSACHUSETTS

PLEASE READ THIS LETTER CAREFULLY

My dear Members of First Church (and Friends),

A handful of members voted in favor of taking an historic giant step in our church life. Where were you? For months the Building Committee sweated and strived to prepare for us what in their best judgment is the soundest and most economical program for improving our church facilities. But only a handful of you appeared to pass on this great effort. WE CANNOT IN CONSCIENCE MOVE FORWARD WITHOUT A GREATER EXPRESSION OF AFFIRMATION ON YOUR PART.

You have called me to be your Minister; to assume responsibility for the spiritual life of this church. Now I call on you for a vote of confidence that this, your church, is of significance in your life. In Christ's name we must accept responsibility for the life of First Church in this day and for tomorrow. Without the acceptance of responsibility on your part, no ministry can be effective.

The Building Committee needs a reaffirmation from a majority of you that the decision of the minority who met in meeting Thursday, November 19, is also your decision. As your Minister I need to know that what is being done by the few and by myself is not in vain. We need your vote of confidence. The enclosed flyer gives details of what you can do to help us move forward in our day.

Your Pastor,

Arthur F. White

P.S. To the friends of the Church; we hope you will come as well. The welcome mat is out.

Jan 17 1964 meeting

1. The Church affirms its recognition of a present and growing need for space and facilities beyond those now available.

2. In response to that need several steps of action be authorized--- namely that:

A. The Church Council be instructed to form a Building Committee as soon as possible; obtaining the consent of a member of the Church to serve as its Chairman and, together with the Chairman, to select the balance of the Committee.

both accepted

B. As the initial phase of its activity, the Building Committee be instructed and authorized to act for the Church in the development (in the form of general sketches and design) of recommended plans to meet the needs of the Church for space and facilities, considering the indicated needs of the period covered by the prepared projection.

C. The Committee's recommendation, when completed, be presented to the Church at a meeting or meetings called for that purpose--- the membership thus having the final say in approving the recommended plans before any further action is taken.

D. The Building Committee be authorized to retain the services of a professional architect to work with them for this purpose. As evidence of its commitment to the work and purpose of the Building Committee, the Church give its approval for a special fund drive to meet reasonable expenses of the Committee in this first phase of its work if the required funds cannot otherwise be made available.

RECORD OF MEETINGS

Dec 6, 1964 Sunday Evening

This meeting was to review the plans and action taken on Nov. 19, 1964 and to assure that a conclusive majority of the members of First Church will vote to affirm that action. There were approximately 90 present.

THE FIRST CHURCH, CONGREGATIONAL

BOXFORD, MASSACHUSETTS

March 6, 1965

To the Members and Friends of First Church, Congregational:

Last November and December the congregation of this church approved plans for the addition of Christian education and administrative facilities to our church building. At that time, as you will recall, we also agreed that this expansion plan should be undertaken only if additional land could be obtained that would provide adequate space for the full and effective future growth of our church - the three-quarters of an acre of land that we now have being far from adequate for that purpose.

Although we have had faith that the additional land could be obtained, we have not as yet been able to do so.

The general character of our problem is unchanged since we first started on this effort over a year and a half ago. What has changed is that an already difficult and disturbing problem has grown even larger and the urgency of our need for a conclusive solution has become more acute.

At the time we started the study of our needs - i.e., at the end of the 1962-1963 school year - our Church School had an enrollment of 185. We then estimated that the 1964-1965 enrollment would have grown to 225. Actually, it is now 260! Already we are running ahead of the growth projections upon which our present expansion plans are based.

For some time now the Christian Education Committee has been forced to hold classes in private homes and elsewhere, and to schedule classes at several different hours. These are only temporary, stop-gap measures, at best. They limit the effectiveness with which our teachers can present what is a good church school curriculum. And, needless to say, they make for complicated and extensive transportation problems for many.

We believe that our original plan of expansion is potentially the best one for the church. We maintain hope that this can be made possible and will continue in that endeavor.

However, our Christian education problems, their steady increase, the commitments of our Faith and our present inability

to move ahead with our original plans - all these factors indicate conclusively that the Church must now examine alternative plans and sites for achieving its objectives.

We have so concluded only after careful thought and consultation.

Therefore, the Building Committee is now preparing to undertake a study to determine what would be the best alternative plan for the Church. We propose to complete this analysis and related planning as quickly as our obligations of care and thoroughness will allow.

Under the circumstances, however, it appears necessary that we reschedule our fund drive to this Fall - probably in November. Preparation for the fund drive must be started about eight weeks in advance of the drive itself.

Before that preparation can be undertaken, the Church must have come to a firm decision: whether we are able to proceed as we have hoped, or whether we must go in a new direction. For this reason we must at the end of August have a new plan to present to the Congregation - a plan that will surely make it possible to meet our needs, that also offers the clear opportunity of continued progress and the assurance of ultimate soundness.

In this connection, on next Sunday, March 14th, there will be a special church meeting following the worship service to consider the following articles.

1. Whether the Church will vote that the fund drive, previously approved for the week of May 10th, be rescheduled to this Fall - probably in November.

2. Whether the Church will vote to authorize the Building Committee to prepare a ~~new~~ building and site plan for achieving a facility appropriate to our present and future needs - which, if needed, can be recommended to the congregation during September of this year, or earlier; that would make possible the construction of effective Christian education facilities during 1966; and that would offer a clear opportunity of continued progress and the assurance of ultimate soundness.

We ask your support of the work and future of this Church and of this Committee by attending this service and church meeting and approving these articles.

RECORD OF MEETINGS

Special Church Meeting March 14, 1965

The meeting was called to order by moderator Charles Cotton at 11:20 AM. There were 106 persons present.

Mr Cotton asked David Pitt, chairman of the Building Committee, to tell the status of the land situation and of his contact with Miss Sawyer who owns the land adjacent to the Church. After some questions Mr Cotton read the first article. Motion made. Some discussion. Mr Pitt suggested amendment to article one as follows: That the decision of the Church on Article one be determined by separate votes on its two inherent questions: and that in order for it to be decisive, the affirmative vote on question #1 require a 3/4 majority of those present and elegible to vote.

Question #1: Do you favor holding the Fund drive in May as scheduled?

Question #2 Do you favor holding the Fund drive in the Fall, probably November?

Vote on Question #one was 69 for, 17 against, some not voting. Thus no vote was called on question #2

Article 2 was accepted with a change in the second line from "a new building" to read "an alternate building"

19th SUNDAY AFTER TRINITY **October 24, 1965** **Matthew 9:1-8**

World Order Sunday

About the cover: Jesus' acts of forgiveness and healing of the paralytic were done in mercy and were a sign of God's power and authority ministering through him in forgiving sins. On World Order Sunday we are reminded that, as Christians, this is our task as well. There can be no peace between nations as long as past sins and wrongs continue to afflict relationships. We are to be his instruments in the world, forgiving and being forgiven, reconciling and being reconciled.

THE STRUGGLE FOR INTERNATIONAL COOPERATION

It is sometimes asserted that man is by nature a pugnacious animal. He enjoys fighting and cannot be cured of this disposition. This may be true. It is just as true that man is a lover and cannot fulfill himself in antagonism. He yearns for fellowship.

That the nations are suspicious of each other, that they compete for advantage, and sometimes resort to killing and wholesale destruction, is obvious. What is not so obvious is that international cooperation is not merely an ideal but an everyday fact of life in our world. Said the first American astronaut, Colonel John H. Glenn, "Our flight required the cooperation of many nations." From the creation of a universal postal system to the control of disease, from regulation of international air routes to weather reporting, the nations do, as a matter of fact, cooperate. Without cooperation, life could not go on.

The United Nations has proclaimed 1965 as the "Year of International Cooperation." Our problem is to increase the areas of cooperation, to find new ways to cooperate. Having learned the suicidal character of war, we are now engaged in a great struggle to put an end to war, by means of international cooperation.

This is the meaning of the United Nations. In an almost fearful travail, the nations are trying to build a universal instrument for peaceful cooperation. They are trying to curb man's pugnacious instincts and to magnify his desire for fellowship.

To Church Members and Friends:

During the summer, a number of additional gifts have been received for our Building Fund bringing the grand total of gifts and pledges to $100,238.68, including $18,862.54 cash so far received. Not included is the land we have received for the church addition, through the generous gift of Miss Elizabeth Barnes Sawyer.

Our Building Committee and architect have been working through the summer on the detailed building plans and related financial arrangements. These are now complete and the Building Committee hopes that bids on the project can be invited next month.

In addition, members of our Building Fund Committee will be contacting those who are new to the church during the next two years to explain the project and to give them an opportunity to participate in it. Clearly, the eventual financing arrangements will be made after completion of our pledge period and there will, of course, be changes in pledges from time to time. The important point is that all of us should keep current with our pledge payments for much depends on the outcome. We ask especially that any intended changes in your pledge be reported to a member of the Building Fund Committee.

Final authorization to complete the project will be requested by the Building Committee at a special church meeting to be held following the worship service on Sunday, October 24th!

In order that the congregation can be prepared to act on the Committee's recommendations on that Sunday, an open meeting will be held by the Building Committee on Thursday, October 21 at 7:45 p.m. in the Vestry. At this time the plans and the Committee's request for authority from the church will be reviewed and explained in detail and there will be opportunity for all questions to be answered fully.

Please put down those dates!

Thursday, October 21, 7:45 p.m. - "Vestry" - Open Meeting to review the Building Committee's plans and request for authority.

Please put this date down!

Sunday, October 24th, - following the worship service - Church Meeting - to act on the Committee's plans and request for authority.

Truly the events of the last year are worth a few moments reflection on each of our parts at that which we can accomplish working together in Christian fellowship. Now, our task together, is to bring this commitment into being.

First Church Conducts Dedicatory Services

3-13-66

BOXFORD — A ground-breaking service of dedication for the new Christian Education wing at the First Church, Congregational, was held Sunday during the morning service in the sanctuary. It was held indoors due to the snowstorm.

The church addition is going up exactly 265 years after Boxford's first meeting house was started.

Also partcipating in the service along with David L. Pitt, Building Committee Chairman and Deacon Robert B. Parkhurst, who offered a prayer of dedication, were Dr. Walter Greenwood of Rockport and Rev. Arthur White.

Dr. Greenwood serves as conference adviser to both the Essex North and Essex South districts of the United Church of Christ and served as interim minister at the First Church for many months prior to the calling of Mr. White. Dr. Greenwood spoke to the congregation about the project and its purpose.

Construction on the new wing started several weeks ago. The addition will house classrooms for the church school plus offices, a library and storage space. Renovations will also be made to the existing structure. It is hoped that construction will be completed in October.

CHURCH ADDITION — Because of the late season snow Sunday the First Church, Congregational, held its groundbreaking indoors over a wheelbarrow-full of earth from the site of the church's new addition. Shown here are the participants in the service of dedication: David L. Pitt, chairman of the building committee; Dr. Walter Greenwood, Rev. Arthur White and Deacon Emeritus Robert B. Parkhurst.

Groundbreaking Goes Inside

BOXFORD—A special groundbreaking service of dedication for the new Christian Education wing at the First Church, Congregational, was held Sunday during the morning service in the sanctuary.

Originally scheduled for outdoors near the site of construction, it was held indoors due to the late season snowstorm.

In preparation for the indoors event David L. Pitt, building committee chairman, and his son, David Jr. had filled a wheelbarrow full of "good Boxford earth" so that Robert B. Parkhurst, deacon emeritus, could lift the symbolic first spadeful.

The church addition is going up exactly 265 years after Boxford's first meeting house was started, Pitt explained.

Also participating in the service along with Pitt and Deacon Parkhurst, who offered a prayer of dedication, were Dr. Walter Greenwood of Rockport and the Rev. Arthur White.

Dr. Greenwood serves as conference adviser to both the Essex North and Essex South districts of the United Church of Christ and he also served as interim minister at the First Church for many months prior to the calling of Mr. White. Dr. Greenwood spoke to the congregation about the project and its meaningful purpose.

Mr. White closed the service by noting the "debt of thanks" from the congregation to the members of the building committee for their "devotion to the church."

Construction on the new wing started several weeks ago and the foundation hole is in. The addition will house classrooms for the church school plus offices, a library and storage space. Certain renovations will also be made to the existing structure. It is hoped that construction will be completed in October.

INVOCATION (In Unison)

Almighty God, Our Father, whose steadfast love endures forever, we come into thy sanctuary singing praises to Thy Holy Name. On Thee we build all our hopes for this life and that which is to come. Other foundations we would not seek to lay than that is laid, which is Jesus Christ. In His name and to Thy Glory we bring unto Thee the gratitude of our hearts in this sacred moment when our fondest hopes for Thy church have been so graciously blest and favored by Thee. In Jesus name we pray. Amen.

Rise up, O men of God! Have done with lesser things;
Give heart and soul and mind and strength
To serve the King of kings.

Rise up, O men of God! His kingdom tarries long;
Bring in the day of brotherhood,
And end the night of wrong.

Article one to vote on list of proposed new members... accepted unanimously.

Article two: to vote on proposed change in By-Laws - paragraph 8.1.5. Amended to strike word "vote". passed as amended.

Meeting adjourned 11:45

PROPOSED CHANGE IN BY-LAWS

Purpose: To enable persons to be brought into church membership by vote of the Board of Deacons, eliminating the present requirement that the Church, in a special meeting, must vote on each candidate for membership recommended by the Board of Deacons.

The proposed change in paragraph 8.1.5 of the By-Laws is as follows:

Present wording:

8.1.5 "The Board shall receive applicants by letter or otherwise for admission or dismissal from Church membership, shall examine all applicants for membership on confession of faith, with respect to their fitness therefore, and shall recommend to the Church such persons as they deem prepared for membership."

Proposed Change (underlined portion)

". . . . and shall ~~vote to~~ admit to membership such persons as they deem to be prepared."

The proposed change does not give the Board of Deacons sole authority to control Church membership. As provided elsewhere in the By-Laws, the Church retains the power to vote persons in or out of membership.

Boxford Church Faces Issue

State Conference Okays $1 Million For Blacks

By MARCIA BROCKELMAN
Of The Eagle-Tribune Staff

BOXFORD — The Massachusetts Conference of the United Church of Christ has voted to give $1 million of its assets to a group known as the "Black Ecumenical Commission."

This Sunday, at a special meeting following the morning service, Boxford's First Church, Congregational, will decide whether it want to go along — or whether instead it will withhold funds which would normally go to the parent organization, at least until the next annual meeting.

At issue is whether the conference should have appropriated capital assets of the state conference without getting definite consent from church members.

Also, more fundamentally at issue, is whether the giving of a $1 million gift to the black churchmen's group will achieve the desired end.

Rev. Arthur White, pastor of the First Church, believes the grant will further enhance racism.

Agreeing with him is Roy Wilkins, president of the Natioanl Association for the Advancement of Colored People. He has called the gift "A tragic error."

Rev. Mr. White was one of eight UCC ministers of over 500 in the state who signed a letter opposing "moral and financial support" for the black group. The grant was voted by delegates to the church's state conference in November, starting with a $250,000 payment . . . all of the restricted assets of the conference, and about one-fourth its total capital.

It is now the aim of conference directors to reach the million figure by 1971.

Among other ministers opposing the decision were Congregationalists from Gardner, including Rev. Edward Berry who resigned from the UCC board of directors, and Rev. Edward McCutcheon of Worcester. Rev. Mr. Berry has urged individuals and churches to withhold contributions.

Boxford church members appear not to object to the money being used but to the manner in which it is being used. There is no restriction for the conference to report back on this use to member churches.

Wilkins of the NAACP indicated following the November vote that money given should go to black and white together and not foster separatism.

In a letter to Rev. Mr. White reprinted in the February issue of the First Church newsletter Wilkins expresses his gratification at the position taken by the Boxford Church. It notes that those who are protesting the grant are calling for "the return of reason and conscience to the policy-making of your church."

Wilkins adds that there have been "few times in history when this was more sorely needed."

"You will understand," Wilkins adds, that "it would be easier . . . to remain silent in this controversy and thus to avoid the charge . . . that we are betrayers of our racial interest."

Wilkins notes that those who voted for the grant are "not evil people, only misguided. If no more were involved than having them see the error of their ways, one might be inclined to let them find out through sobering experience the consequences of thoughtless disposal of fiduciary funds.

"But a fundamental principal is at state: the principle that the affairs and needs of black men are the responsibility of all men, black and white, and that white men have no right to withdraw from the common pool of thought and action as if it were only 'black folks' business," Wilkins adds.

"Acceding to this kind of thinking because it is urged with passion, even anguish, by some black men, is at best an abdication of responsibility and at worst a comtemptuous purchase of peace on the cheapest terms available," he says.

Other United Churchmen in the Boxford area do not agree with White. Rev. A. Karl Phillippi of Topsfield, area minister for the Northeast area of the Massachusetts Conference, was among those who initiated the idea as a means of having the church explore its own racist feelings. The Black Ecumenical Commission was formed last September.

Those agreeing with the grant have made it plain that in Congregationalism everyone has a right to be heard. They have noted, however, that the protest movement is not creative, only negative.

Most churches and their congregations in the Commonwealth have had a positive response. Their reaction has been to ask the question "Where are the blacks in my church and by what right do I continue to support my white church institution."

Rev. Mr. Phillippi has said that he hopes "people are being honest about this and not using it as a racist point of view." He believes the gift will help the black community rise above the helplessness that a lack of funding creates.

Rev. Mr. Phillippi sees the grant as a gift not as conscience money.

Boxford's Second Congregational Church has not backed the neighboring First Church stand and its minister has said he does not favor shutting off funds or withholding pledges.

The First Church reaction to the grant was discussed at the annual meeting last month. A committee consisting of Clement Sutton, Arthur Havey, Edwin Nelson, William Keil, Merton Barrows and Wolmer Gaunt, with Rev. White and Moderator DeWitt Minch serving, ex officia, was appointed.

This week the committee mailed its recommendation to the members and invited them to vote Sunday at 11:30 a.m.

Three resolutions will be put before the membership. The committee recommends passage of the first two and is divided on the third.

The first resolution proposes a change in the bylaws of the Massachusetts Conference, United Church of Christ, saying that its board of directors shall not have the power to appropriate money from capital assets without first referring the proposal in writing to the member churches of the conference at least 90 days prior to the next annual meeting. A two-thirds vote of delegates to the conference would be required for passage.

The second resolution would prohibit the board of directors from making any further expenditures committed or uncommitted from the capital assets of the conference until after the 1971 annual meeting.

The third resolution would have the First Church "immediately withhold sending any discretionary funds normally given to the Massachusetts Conference until after the next annual meeting of the Conference. After the next annual meeting . . . the further disposition of the withheld funds will be reconsidered by the members of the First Church, Boxford."

Church Scores $1M Gift

Proposes Bylaw Change

Staff photo by Marcia Brockelman

FIRST CHURCH MEETING — The First Church, Congregational, was well-filled with members Sunday morning as votes were taken relative to a $1 million grant to the Black Ecumenical Council. Cars outside the church caused a near traffic jam in Boxford Village.

BOXFORD — A United Church vote to give $1 million to a group known as the Black Ecumenical Commission was scored yesterday by members of Boxford's First Church . . . mot because the church disapproves assistance to Blacks, but because of the way in which the gift was made and to whom.

Acting on proposals made by a church study committee, members voted at a congregational meeting following Sunday's service to request a conference bylaw change.

The change would assure that the directors of the United Church could not appropriate money from capital assets without first referring the proposed appropriation in writing to member churches at least 90 days prior to the next annual conference meeting.

A proposal to use capital assets would then require a favorable vote of 2/3 of the delegates present at the annual conference.

Members also voted yesterday to present another proposal to the May annual meeting . . . a proposal which would prohibit the directors from making any further expenditures of capital assets until after the 1971 annual meeting.

This proposal, if agreed to by conference delegates, would prohibit the board of directors from turning the remainder of the $1 million gift over to the Black Ecumenical Commission. To date one-fourth of the money has been paid leaving $7599,000 due.

Displeasure

Despite its displeasure with the action of the Massachusetts Conference, United Church of Christ, members of the First Church decided yesterday not to withold funds from the parent organization.

A resolution authorizing that discretionary funds normally given to the conference be witheld until after the next annual meeting was tabled.

Serving as moderator for Sunday's meeting was DeWitt Minich who explained the events leading to yesterday's discussion.

He said that the bylaws of the Massachusetts Conference were streamlined recently, on the advice of the Arthur D. Little Co., and that one of these changes had been the granting of broad powers to the directors of the conference between annual meetings.

There appearred to be no doubt at the First Church meeting that the directors acted within their legal authority in relation to the Black grant. There were strong feelings, however, that some of this authority, at least in relation to the capital assets of the conference, should be limited.

Minich and Mrs. Arthur While, who attended a fall interim meeting of the conference at which the grant was explained and voted, both indicated that most delegates present came unprepared to vote on the issue.

If information had been sent to the churches prior to the interim meeting, it appears that many of the delegates were not familar with it, Minich explained. The vote to make the $1 million grant carried with a plurality of about 25 votes out of 560 attending.

$250,000 Grant

"Many delegates left the meeting feeling that because the vote was close and information was lacking that the directors would not act until the annual meeting," Minich said.

"Instead, they gave a quarter of a million dollars to the Black Ecumenical Commission at a non-public meeting," Minich claimed. He said that the directors did not need to go back to the churches because they had control of the money . . . unlike Mission Advance of other funds which are restricted gifts.

The money represents one-fourth of all the unrestricted assets of the conference, Minich said, and it is money which has been accumulating for over 100 years. He noted that the interest it has provided 12½ per cent of the conference budget annually.

The question of the grant was brought to the attention of all members of the First Church directly at the January annual meeting . . . although information about it had been circulated previously through the monthly issues of "Pilgrim State News." It was voted at the annual meeting to await a committee report before taking action.

Serving on the committee which mailed a report to all members Feb. 11 were Clement Sutton, Arthur Havey, Edwin Nelson, William Keil, Merton Barrows, Wilmer Gaunt plus Rev. Arthur White and Minich ex officio.

Several members of the committee, including Sutton and Havey spoke against withholding the funds, adding that they had wanted to question only so the congregation might vote.

Opposed

Speaking against all of Sunday's actions were Melvin Prohl, Towle Lane and A. C. Waters, Elm Street, both of whom pointed out that a decision of this type should have more than financial implications.

Prohl said the question should be: "Do we approve of the idea of extending a helping hand to the Black Community? That is the question which goes to the depth of our faith. I for one, like this program and I want to be a part of it," he said. "I'd like to view the gift from capital assets as borrowing. We can replace it with fund raising."

"Let's take a stand on the basic issue, helping the Black community," he said.

"This means soulsearching. It's not all a business matter," Waters added.

Sutton explained that the committee wanted "to keep the Black question aside as it would only cloud the issue. There are a lot of questions to be answered about whether the money is going to the right group . . . but the key question is whether the directors acted against the wishes of the church."

Adding his voice to the dissent on resolution two, concerning no more payments to the Black community until the bylaw issue is handled was Frederick Lehmann.

He and others observed that the commitment has already been made and that not following through now would be wrong. One member called it a "sour grapes" attitude.

Fosters Racism?

Other points raised by those favoring the resolutions were that Roy Wilkins of the NAACP believes the grant will foster racism as it is going to the Black community not to blacks and whites working together, and that there is no power of review on how the money is to be spent.

Concerning the witholding of funds, the congregation agreed with Sutton when he observed that "witholding funds from the council would be like witholding on taxes because you don't like the Vietnam policy. If we don't like the rules, we should work to get them changed. And until that is done we should continue to give our money through the regular channels," he said.

Clement E. Sutton
. . . soulsearching

Prohl suggested that the whole matter of where the money is going and how it is to be used be explored in depth at a future meeting of the church. Minich promised to bring the matter before the church council

RECORD OF MEETINGS

May 20, 1972

A congregational meeting of the First Church, Bedford, Mass. was held on May 14, 1972. The meeting was called to order at 7:40 P.M. by Mr. Wilbert Minich, the moderator, and was opened by a prayer given by Rev. Kendall Baker. After a reading of the warrant by the moderator the meeting was turned over to Rev. Baker to present the report of the Interim Task Force. The presentation began by each member of the Task Force presenting his or her thoughts or observations, stressing the point that they were returning to us what the individuals small groups had said. This was followed by members of the Task Force reading sections of the formal report. After each reading the audience was asked for their comments and reactions. A motion was made and seconded to receive and endorse the report as submitted by the Task Force. After discussion this motion prevailed.

A motion was made and seconded to approve Item 7 and after discussion prevailed.

A description of those eligible to vote and hold office according to the by-laws was presented by the Chairman of the Board of Deacons and it became immediately obvious that if there was not a conflict in the by-laws there certainly was room for clarification. In an attempt to clarify the situation a motion was made and seconded that all members could vote and hold office, without stipulation as to age. This was ultimately amended to establish a minimum age of 18 for holding office and no age limit set for voting, and, in the amended form the motion prevailed.

Bill Keil asked for an expression of appreciation for Kendall and Nancy Baker. A standing applause was given them.

As there was no further business to come before the meeting it was voted to adjourn at 11 P.M.
